Next, place the ad unit inside your app

Follow these instructions:

1. Complete the instructions in the Google Mobile Ads SDK guide using this app ID:

   ca-app-pub-1604564898389407~2657604145

2. Follow the banner implementation guide to integrate the SDK. You'll specify ad type, size, and placement when you integrate the code using this ad unit ID:

   ca-app-pub-1604564898389407/7450765822

3. Review the AdMob policies to ensure your implementation complies.

Next, place the ad unit inside your app

Follow these instructions:

1. Complete the instructions in the Google Mobile Ads SDK guide using this app ID:

   ca-app-pub-1604564898389407~2657604145

2. Follow the rewarded implementation guide to integrate the SDK. You'll specify ad type and placement when you integrate the code using this ad unit ID:

   ca-app-pub-1604564898389407/6137684154

3. Review the AdMob policies to ensure your implementation complies.

IOS

Next, place the ad unit inside your app

Follow these instructions:

1. Complete the instructions in the Google Mobile Ads SDK guide using this app ID:

   ca-app-pub-1604564898389407~5045267791

2. Follow the banner implementation guide to integrate the SDK. You'll specify ad type, size, and placement when you integrate the code using this ad unit ID:

   ca-app-pub-1604564898389407/4824602486

3. Review the AdMob policies to ensure your implementation complies.

Follow these instructions:

1. Complete the instructions in the Google Mobile Ads SDK guide using this app ID:

   ca-app-pub-1604564898389407~5045267791
